SCHEDULE NO. 1 (Continued)

(I) TEMPORARY SERVICE RATE

The minimum water charge for water for temporary uses shall be $5.50 per 1,000 gallons, plus the actual cost of making service available.

DELAYED PAYMENT PENALTY

The above tariff is net. On all current usage billings not paid within twenty (20) days, ten percent (10%) will be added to the net current amount unpaid. This delayed payment penalty is not interest and is to be collected only once for each bill where it is appropriate.

RECONNECTION CHARGE

When water service has been disconnected for non-payment of a bill, fraudulent use of water, or at the request of a customer with seasonal usage, water service shall not be restored until all past due water bills and penalties have been paid in full and a reconnection charge in the amount of Fifty Dollars ($50.00) has been paid.

RETURNED CHECK CHARGE

When a check has been returned unpaid by the bank for any reason, the customer will be charged a fee equal to the actual charges incurred by the Clarksburg Water Board up to a maximum of twenty-five dollars ($25.00).

CUSTOMER DEPOSIT

When a new customer applies for water service, the customer must pay a deposit of sixty-five dollars ($65.00). In the event that the customer terminates service, or the Clarksburg Water Board terminates service for nonpayment, any deposit held by the Clarksburg Water Board shall be applied to any outstanding amount owed by the customer.

COLLECTION FEE

In the event that the Clarksburg Water Board employs a collection agency to collect overdue water bills, the customer shall be charged the amount billed to the Clarksburg Water Board by the collection agency for its services.

PAYMENT COLLECTION FEE

In the event that an employee of the Clarksburg Water Board collects a payment from the customer at the customer's residence to avoid termination of water service, the customer shall be charged a fee of thirty-five dollars ($35.00), in addition to the amount of any delinquency.

SCHEDULE NO. 1 (Continued)

AFTER-HOURS RECONNECTION FEE

The Clarksburg Water Board intends to reconnect any customer terminated for nonpayment during the next business day after full payment of outstanding water bills and reconnection charges. In the event that the customer requests reconnection after the normal business hours of the Clarksburg Water Board, and the Clarksburg Water Board is able to make the connection as requested, the customer shall be charged an after-hours reconnection fee of fifty dollars ($50.00), in addition to all other reconnection charges.

METER RE-READING FEE

The customer may request that the Clarksburg Water Board re-read the customer's water meter if the customer does not believe the meter reading was accurately performed. The customer may request a re-read of his/her meter every twelve (12) months at no charge to the customer. If the customer requests additional readings within any twelve (12) month period, and the reading or readings determine that the initial reading was accurate, the customer shall be charged twenty-five dollars ($25.00) for each additional reading. The customer shall not be charged if the initial reading was inaccurate by more than 5%.

LEAK INSPECTION FEE

The customer may request that the Clarksburg Water Board inspect the customer's service for leaks if the customer believes that he/she is entitled to a leak adjustment. The customer may request an inspection every twelve months at no charge to the customer. If the customer requests additional service inspections within any twelve (12) month period, the customer shall be charged twenty-five dollars ($25.00) for each additional inspection.

METER TEST FEE

The customer may request that the Clarksburg Water Board test the customer's water meter if the customer does not believe the meter is recording accurately. The customer may request a test of his/her meter every twelve (12) months at no charge to the customer. If the customer requests additional tests within any twelve (12) month period, and the test determines that the meter was recording accurately, the customer shall be charged twenty-five dollars ($25.00) for each additional test. The customer shall not be charged if the meter was inaccurate by more than 5%.

SCHEDULE NO. 1 (Continued)

FEE FOR RE-INSTALLATION OF REMOVED METER

If a water meter is removed by the Clarksburg Water Board to prevent a customer from illegally obtaining water after the customer's service has been disconnected for nonpayment, the customer shall pay a meter re-installation fee of one-hundred dollars ($100.00) before the meter is re-installed and water service is reinstated. This fee is in addition to any reconnection fees.

SCHEDULE NO. 2

SCHEDULE NO. 9

(C) APPLICABILITY

Applicable to the entire service territory, except for the former Summit Park Public Service District territory between April 25, 2026 and June 30, 2026. Beginning July 1, 2026, the former Summit Park Public Service District territory will be included in this Schedule. There are exceptions in those service areas that do not meet the requirements set forth in Item 4 of "Availability" below.

AVAILABILITY

This tariff is available at the sole discretion of the Clarksburg Water Board to an existing customer that currently purchases water from the Clarksburg Board for resale and to a new applicant that produces a significant portion of the water that it provides to its customers and that:

(1) Enters into a Service Agreement;

(2) During the original and any renewal terms of the Service Agreement, agrees to maintain a daily load factor satisfactory to the Clarksburg Water Board;

(3) Has a viable competitive alternative to service from the Clarksburg Water Board or for the water that it produces and intends to select that alternative to the detriment of the Clarksburg Water Board and its other customers:

(4) Seeks service in a service area of the Clarksburg Water Board in which Clarksburg Water Board has sufficient available treatment plant, transmission and distribution capacity to (i) meet the agreed upon service under the Service Agreement and (ii) meet the Clarksburg Water Board's peak requirement in that area as well;

(5) Agrees to take or pay for a specific level of monthly usage under this tariff as provided in the Service Agreement.

(C) Indicates change in text

SCHEDULE NO. 9 (Continued)

DOCUMENTATION AND SUPPORT FOR ELIGIBILITY FOR TARIFF

The Clarksburg Water Board will require documentation and support, to the Clarksburg Water Board's satisfaction, to establish eligibility for this tariff based on the existence of a competitive alternative to the Clarksburg Water Board's service. Such documentation and support must include, but is not limited to, an affidavit of the customer or new applicant or, if the customer or new applicant is a corporation, an affidavit of one or more of its officers, satisfactory accounting and engineering data or information from any contractor supporting the bona fide nature of the competitive alternative, or if the competitive alternative is another water supplier, evidence of the other supplier's capacity to provide water service and its commitment to provide water service at a specific contract or established tariff rate.

RATES

The rate(s) to be charged a qualifying customer or new applicant under this tariff will be as set forth in the Service Agreement, provided, however, that such rate(s): (1) shall not exceed the Maximum Rate of the Clarksburg Water Board's then current Sale for Resale ("SFR") tariff as amended from time to time by the Clarksburg Water Board; (2) shall not be less than the Minimum Rate; and (3) shall be subject to an Escalation Clause, as hereafter defined.

Maximum Rate: The Maximum Rate shall be the charges specified in the Clarksburg Water Board's SFR Rate Schedule.

Minimum Rate: The Minimum Rate shall be sufficient to recover: (1) the Production Cost of Water as defined herein: (2) the fixed costs (depreciation and pre-tax return), associated with all new facilities added to serve the customer; and (3) some portion of the fixed costs of the Clarksburg Water Board's other facilities. For purposes of this rider, the Production Cost of Water shall be the variable cost the Clarksburg Water Board incurs to produce additional treated water, which consists of expenses for electric power, chemicals, waste disposal, and purchased water.

Escalation Clause: The rate set forth in the Service Agreement shall be subject to an Escalation Clause, during the original and any renewal terms of the Service Agreement, based upon changes in published price indices as measured every two years under the Service Agreement as reflected in the published Consumer Price Index as set forth in the publication Value Line.

SCHEDULE NO. 9 (Continued)

FILING OF THE SERVICE AGREEMENT

The Service Agreement entered into between the Clarksburg Water Board and a qualifying existing customer or new applicant under this tariff shall be filed with the Commission pursuant within fifteen (15) days of its execution and shall become effective forty-five days thereafter if no order of the Commission is entered disapproving said Agreement. If the Commission alters or amends the Service Agreement, the Clarksburg Water Board and the existing customer or new applicant shall not be required to perform thereunder unless the Clarksburg Water Board and the existing customer or new applicant each specifically agree to the altered or amended version of the Service Agreement.

(N) **SCHEDULE NO. 10**
